RED HAWK CASINO PAYS OUT \$367,947 JACKPOT ON FORTUNE PAI GOW POKER
Progressive Payout Marks Highest Pai Gow Jackpot Since Casino Opening

PLACERVILLE, Calif. (Wednesday, Jan. 30, 2019) Table game progressives are heading into the New Year in a big way at Red Hawk Casino. Red Hawk offers a \$1 Pai Gow Progressive side bet, the lowest in Northern California. A lucky winner placed the small side bet that resulted in a \$367,947 Fortune Pai Gow Poker progressive jackpot this week, the largest in the casino's history.

The lucky Rewards Club member from Roseville, Calif., is a regular visitor to Red Hawk. On his most recent visit, he was playing his favorite table game for just short time when he was dealt a seven card, straight flush with a joker. By placing the small \$1 side-bet, he won 100% of the progressive payout, \$367,947.

"We're thrilled to be celebrating even more jackpots to our lucky Rewards Club members," says Red Hawk Casino Chief Executive Officer, Bryan deLugo. "Our guests enjoy the large variety of table games, slots and award-winning dining options, as well as the friendly team members."

The Fortune Pai Gow Poker progressive allows players to make a \$1 progressive bet to be eligible to win a progressive jackpot. A player who places the progressive bet, and is dealt five aces, wins 10% of the progressive jackpot. The top hand in the game, a seven-card straight flush, pays 100% of the jackpot.
